

ADDENDUM #1
REQUEST FOR PROPOSALS
No. 2017-007

Effective: September 21, 2016

Project: Snow and Ice Removal Services for Various City Facilities

Issued By: Ronald E. Kaczmarek, Facilities & Capital Projects Division Chief
City of Gaithersburg
Department of Public Works
800 Rabbitt Road
Gaithersburg, Maryland 20878

This addendum (“Addendum”) is incorporated into and made part of the above named Request for Proposals (“Solicitation”). The purpose of this Addendum is to publish the questions asked by Bidders and the City’s answers thereto relative to the Solicitation. The City is not responsible for the content of the questions, and the answers to the questions are based on the interpretation of the questions.

- Q1. Is the snow removal to be solely handled by the successful bidder or is the City Of G-burg using this contract to supplement their own forces resulting in the contractor to be called out to perform only when the City determines it is needed?**
- A. The requirement would be solely handled by the successful bidder with oversight by the Public Works Facilities Division as this requirement was reassigned from the Public Works Operations Division so that they could focus solely on the City streets snow removal operations.
- Q2. On the Exhibit C, Proposal Price Sheet, are the prices to be provided by the contractor are per hour or prices per site?**
- A. The prices provided by the contractor should be the price per site per the amount of snow to be removed based on the event snowfall total. However if the contractor choses the alternate method for CLIN # 016, 017 116, and 117 the contractor is to proposed a lump sum total amount for snow removal services for a proposed amount of snow by the contractor for the season covering all facilities and sidewalks. Then the contractor is to also provide a per inch total price that they would charge the City of Gaithersburg if the City would exceed the original lump sum quantity.
