Beginner & Intermediate - Mixed Levels 1 & 2

The City's split skills class gives participants the opportunity to advance at their own rate and review concepts and objectives when necessary. Following a preliminary assessment by our instructors, participants will be assigned to a unit with fellow skaters of the same skill-set. The beginner instruction is designed for skateboarders who can maneuver on open flat surfaces. The intermediate instruction is intended for skaters who have some experience in a skate park. Students are then encouraged to progress at their own rate through a combination of group and one-on-one instruction.
