

Mom

My hero is my mom because my mom helps me with many things I don't know how to do. During the day my mom cleans the house, gets the groceries and she cooks for us. Then in the evening she works in a restaurant until 1:00 am. My mom makes sacrifices not seeing us all day. She doesn't complain because she does it for me and the family. She is brave and she tries to be the best mom she can be. My mom helps other people like my brother and sisters and me. I really like when my mom teaches me how to cook and clean my room. It is hard because I share a room with my brother who is very messy. I look up to my mom because she is kind, loving and fair to others. My mom makes sacrifices buying all of her five kids' presents for Christmas. I trust my mom with my secrets and she will never tell because she is my mom. My mom helps me with problems. For instance, if my brother and I are in a fight, she helps us through the problem and she tells us why we are fighting. I picked my mom as a hero because she helps me a lot and even though, she works a lot she will always be my hero. That is why, Mayor Katz, you should pick my hero essay.
