Don't ruin our beautiful neighborhood with the car wash. It's waste of money which can used somewhere else. There are enough car washes around here.

Good Evening! I'd like to voice my support for this project/ id like to see the car wash project approved. I see that there was a public forum that I seem to have missed. Has this been settled yet? Any info would be appreciated. Thanks for your time!

I live at 516 Paradise Court, off of Central; Avenue
I have lived here for close to 40 years and in the area all of my life. I am very very opposed to the proposed car wash on Central and 355. We have enough already we now have three churches which have changed the residential aspect of our neighborhood. On top of this there has been steady new home development and increasing traffic already as Central is a common cut through between 355 and Washington Grove, 124 going east, railroad commuters and all the industrial business going to Oakmont. This really is a residential neighborhood with a local elementary school and many young children. Speeding cars, congestion and cut through traffic significantly disrupts our quality of life. Enough already
