Dear Mayor and Members of the City Council,
As a long-time City resident I would like to offer a comment for inclusion in the record of the above-referenced proceeding. Simply stated, in this atmosphere of hostility by the federal government toward "Sanctuary Cities" like Washington, most studies predict an increasing growth of the resident population in the suburbs (leaving the city itself but remaining close enough to seek employment). This is a significant number of families with several children, thus requiring multiple bedroom units. This need is seen as persisting into the foreseeable future and the instant proceeding is a golden opportunity for our community to stay ahead of the societal demands by requiring more 3 bedroom units, perhaps ten, and more MPDU in this development. Thank you for your attention and please see that a copy of this is sent to Spence Limbocker at limbockers@gmail.com.
