NO. Stop the Crematorium. Not good for the neighborhood. This is a residential area. Concerned about detrimental health issues to our area. NO.

To Whom It May Concerns

I am writing this letter to you, the Mayor, City Council and City Planner about my very big concern that the crematorium will be built in the middle of a residential area. As you know this may release POISONOUS CHEMICALS into the air, including mercury, ash and causing cancer. This will also cause an unhealthy air for the residential area. I just want you to know this is an extreme risk to THE HEALTH OF OUR NEIGHBORHOOD.

I would like for you to take this matter seriously. I hope DeVol Funeral Home will find another location for their business rather than in the middle of residential.

Thank you very much for your concern on this serious matter.

Subject: No crematorium in our neighborhood

This email is from an EXTERNAL source. Please use caution when opening attachments, clicking links, or responding.

Dear City Planning Committee and Mayor Ashman,

Wawa, with all it's traffic and environmental toxins was one thing, but a crematorium in a family neighborhood?!? What will you all think of next? And when will you learn to say "NO" and do what's right for the people in the East Deerpark community?

Really, the house on East Deerpark is exactly that, a house, which was a family homestead for years. It's part of our neighborhood, not part of the 355 business corridor that you are so eagerly trying to mass develop. We do not agree with the rezoning and urge you to keep that property as residential only forever.

With the current real estate market, there are plenty of people looking for good homes in our neighborhood and the ones going up for sale are selling very quickly, There is a glut of other commercial spaces available where DeVol can host a crematorium.

We don't need any more environmental hazards, (sorry, we're not convinced that there will be no toxins, vapors or smells coming from such an establishment) in our family neighborhood.

We request that this expansion be stopped for the sake of the families in our neighborhood.

Sincerely,

Tom and Carol Ehart

My wife and I are Gaithersburg residents that live near to the target location for the Devol Crematorium. We drive pass the target site on a daily basis. We feel strongly that the subject Crematorium not be built in Montgomery County.

Thank you.

Subject: Devol Crematorium

This email is from an EXTERNAL source. Please use caution when opening attachments, clicking links, or responding.

We are 200% against the Devol Crematorium being built due to us living in the residential area adjacent to the property. My husband has a heart condition and we're concerned about the toxins and vapors being released. This should in no way be allowed in a residential area!
