Subject: Proposed Crematorium

This email is from an EXTERNAL source. Please use caution when opening attachments, clicking links, or responding.

Good afternoon,

I am writing to express my opposition to the proposal for the DeVol Funeral Home to build a crematorium on E. Deer Park.

I live four houses down from the proposed site, at 104 E. Deer Park Dr. This type of operation does not belong in this residential neighborhood, it belongs in an industrial area. There are plenty of industrial areas in Montgomery county and some not far from the proposed site on Gude.

I am concerned about the impact such an operation would have on the health of residents, many of whom are children, in the neighborhood, as well as the environmental impact.

The owners also own and operate the DeVol Funeral home in Georgetown, Washington DC, Perhaps they could find a more suitable site in DC.

The proposed site has been a rental home for many years and should remain a rental home.

Please do not allow this to happen!

Thank you,

Mary Ellen Scalley
104 E. Deer Park Dr.

Hello,

Please don't allow Devol funeral to have cremation in a residential area, we live here with kids and elderly people to inhale that. Please we have enough with Covid-19...don't make us breath that too.

Thank you so much,

Myrna Perez

Good morning,

This email is to ask you not to probe the cremation in the funeral Devol. We have an elementary, middle and high school in the area, plus many, many young growing families and retired people in the neighborhood. We are fighting the COVID-19 and now we need to fights with this none sense. Please consider our lives.

Sincerely,

Leticia Perez

Subject: PROPOSED CREMATORIUM ON 10 & 14

This email is from an EXTERNAL source. Please use caution when opening attachments, clicking links, or responding.

Good morning,

I am writing to voice my vehement opposition to the construction of a CREMATORIUM on 10 and 14 East Deer Park in Gaithersburg.

This proposal pose a health hazard to the residents of the surrounding community.

CREMATORIUM operation emits dangerous levels of mercury into the atmosphere and the residents who are in the front line of this emission will be subjected to dangerous levels of mercury inhalation on a regular basis.

The resulting effects would be cancer,birth defects, and other diseases associated with exposure to such chemicals used in the CREMATORIUM.

The owners of this CREMATORIUM don't live around here; as such they don't mind poisoning the environment where average working and middle class people live.

If they need a CREMATORIUM so badly, let them build it in their neighborhood.

The approval of this proposal does not contribute much to the economic well-being of Gaithersburg, therefore, it should be denied for lack of economic and health benefits to the community.

Thank you,
Olaf OMARSON

Hello:

I would like to express my disagreement with Devol planning a crematorium with their existing funeral home. My concern is the environmental impact on the community's health.

Thank you

Keyla Washington
