Hello. I am sending this email because we got a not about building a crematorium for a funeral. I live in the street E Deer park and as much as you are planning to build this i don't want this to happen for the sake of my children and there health. We lived here for a long time and we like it here. So please for the sake of my family and and my neighbors. I do not want you to build this crematorium. Thank you and have a nice day.

I don't think there should be a crematorium in a residential neighborhood.

Thank you,

To whom this may concern,

I am a resident in the Summit Hall Reserve community and it has come to my attention that the nearby funeral home wants to build a crematorium which would release mercury into the surrounding air. That is something my family and I strongly object to. Being that we missed the virtual discussion, I'd like to get updates on the status of the situation if possible.

Thank you!
