Dear Mayor/Councilman/Planner,

I live in the Deer Park area which is a residential zone. I am concerned that the DeVol crematorium will bring an industrial zone into my neighborhood and will negatively affect the people I care about. I don't want a tall "chimney" emitting smoke and chemicals into the air where thousands of residents live, work, go to school, and much more. This parcel is not zoned for industrial use. I don't want the quality of life here changed by more traffic and smoke. Please reject this proposal. Thank you so much for your time and consideration.

Dear Ms. Forbes:

I am writing to you in strong opposition of application SP-8415-2020, by DeVol Funeral Home.

My home, on the corner of Deer Park road and Barkley Lane, is located diagonally across the street from this proposed site, and I feel that I will be negatively impacted by a crematorium in this lovely, heavily residential neighborhood. Also impacted will be Bohrer Park, a jewel within sight, and Gaithersburg High School and elementary schools in the neighborhood.

It is my understanding that such a toxic facility needs to be located in an industrial zone, for so many obvious reasons. It is also my understanding that a crematorium requires a separate license from the existing funeral services now available at that location, not a necessity for their continued operation.

Please VOTE NO for your neighbors in Gaithersburg who will be so negatively impacted. We are counting on your best judgment and your NO vote.

Thank you.

Good morning!

As a resident of 17 Barkley apartment homes, I am asking that the DeVol Crematorium application be denied.

I have children who enjoy playing outside and this proposed crematorium would severely impact the quality of air in this neighborhood.

This is a beautifully developed residential area. A crematorium would be better situated in an industrial layout.

Please consider this opposition to DeVol Funeral's application to build a crematorium.

Thank you,

Omayeli Nesiama.

Dear Planner Forbes,

I live in the Deer Park area which is a residential zone. I am concerned that the DeVol crematorium will bring an industrial zone into my community and will negatively affect the people I care about. I do not want a tall "chimney" emitting smoke and chemicals into the air where thousands of residents live and work, and even more attend school and exercise and play in neighboring parks. My son lives with asthma. What if the crematorium pollutants affect his ability to breathe and enjoy play and sports? Affect the many residents who enjoy Borher Park?

This parcel is not zoned for industrial use. I do not want the quality of life here changed by more traffic and smoke. Please reject this proposal.
