My husband and I strongly oppose the construction of a crematorium by DeVol on E.Deer Park Rd. The environmental pollutants and toxic vapors endanger all of us who reside in E. Deer Park. Our historic subdivision should not be destroyed through rezoning. Approval of this proposal will catastrophically harm the neighborhood and lead to an exodus of those of us who love East Deer Park. Why has DeVol made a proposal that will destroy the area where up until now, they have been a good neighbor?

Mayor, City Council, City Planner:
We have been residents of Walnut Hill since 1960. Our residence is 1/2 mile from the De Vol Funeral Home . We want cleaner air and a crematorium will add to the poisonous chemicals into the air each time it is in use. We are opposed to the zoning request by the De Vol Funeral Home to convert the home at 14 E. Deer Park into a Crematorium. The creation of a Crematorium at 14 E. Deer Park is just not the proper location of this type of building.

Mr. Ashman and Gaithersburg City Council,
In the past, I have agreed with the way the Mayor and City Council have represented me and the values of my family.

I am voicing my objection to the proposal to expanding Devol Funeral to include a crematorium. I am against this proposal because of the toxic vapors and vapors released into the air. Mercury gas from tooth fillings will pollute the air. I think the value of my house will decrease because of the closeness of the crematorium. I do not think burning bodies will have a pleasant smell. Please do not let Devol expand to include a crematorium.

Sincerely,
Doreen Olson
