

# E-Scooter Guidelines for Families

At Bird, we are dedicated to the safety of our communities.

To support this commitment, we urge all parents to keep these Bird guidelines in mind:

## Must be of age

You must be 18 or older to ride a Bird. When unlocking a Bird, all riders must sign an agreement to confirm that they meet these requirements. *Underage riding will result in a ban from the Bird platform.*

## Sharing isn't caring

Similar to driving a car, allowing a minor to ride with your account is not permitted.

## Keep an eye out

If you witness underage Bird riding, please report it to [hello@bird.co](mailto:hello@bird.co).

## Fly safely

We urge all Bird riders to ride in bike lanes, wear a helmet, and follow the rules of the road.

Following these rules keeps our community, and most importantly, our young people, safe.
